ATTN: Adam Field

This amendment corrects a technical inconsistency between AB-290 and SB-395, which both passed the senate on February 14, 2012. The treatment of s. 139.04 (1) in AB-290 and SB-395 is incompatible and, unless a correction is now made to SB-395, this incompatibility will continue until it can be fixed in a revisor's bill next session. The attached amendment is not intended to make substantive changes, but to merely harmonize AB-290 and SB-395.

AB-290 now awaits the governor's signature. For the correction in the attached amendment to work, AB-290 must be signed by the governor before SB-395.
